

AURA

The design of our new Aura furniture series radiates simplicity and elegance. The decorative welt cord piping around the top accentuates its shape. At the same time, the piping offers unique possibilities for colour combinations, as it can be selected in the same or different fabric and colour as the furniture. The easy chair and sofa have generous dimensions and a high level of comfort thanks to the construction using elastic webbing. The armchair is narrower and has a higher seat height, making it something of a combination between a chair and an easy chair. Aura offers upholstered legs, solid oak wooden legs, or metal legs powder coated in Colours by Materia (CbM*), and comes either with or without welt cord piping.

*CbM = beige, mustard yellow, dusty pink, rusty red, burgundy red, blue grey, green, grey, dark grey, black, white
