

ROCCA

The Rocca stool has a playful design that helps the body to keep active. The steel tubing gives the stool a minimalistic appearance, something that also makes it unique. The ring encourages movement and the seat lets you sit comfortably. Together they form a unit that interacts. A different kind of seating that is easy to carry around in activity-based meeting places. Frame in chrome or CbM* powder coating.

*CbM = beige, mustard yellow, dusty pink, rusty red, burgundy red, blue grey, green, grey, dark grey, black and white
