

ISA

Designer: Louise Hederström

"The ottoman is a natural development of the Isa series, but in a smaller size. It's easy to move around and has an inviting, organic seating area, which means it stands out as a character in a room, echoing natural contours. I've also made it neat and easy to fit in so it can be used to furnish around large Isa, as well as with a sofa or in a cluster with several together."

SA-1315

Pouffe
